Water/Land/Livestock Systems

Water reclamation led me to an interest in land management practices that will maximize food production leaving farmlands rejuvenated and waterways clean. The best method I have found that address these goals is the design science known as Permaculture.

EXPERIENCE

Vallejo Motor Company Electric Motor Restoration for industry	Vallejo, California 2020-2021
Spring Rain Organic Farm blue/gooseberry harvest and sub-surface hothouse construction Fall 2019	Chimacum, Washington
Roche Harbor OIT /water/distribution and wastewater wastewater collection/testing/maintenance. Drinking water processing and distribution system install/maintenance	Roche Harbor, Washington 2018-2019
J&J Property Management contractor Home Remodels/Repair	Northern California 2015-2021
Intuitive Garden Owner Grey water and rain water irrigation	Benicia, California 2015-present
Cornice Networks LLC Systems Engineer / Contractor Corporate IT and network security services	Benicia, California 2010-2015
APEX MCE Field Technician UHF/VHF service technician.	Martinez, California 2012-2015

EDUCATION

2021	Resilient Land Design Certification	P.I.N.A
2021	Permaculture Design Certification	P.I.N.A
2018	QWEL certified water tech	Sonoma Co. Water Agency
2018	Solano Community College	Water engineering science
2015	Grey water installer coarse	Level I Installer
2015	UC Davis poultry health	FDA guidelines/small flocks
2012 - 2013	Land Caretaker course	BCG program
2001 - 2002	Computer Services & Instruction Inc.	MCSE training
1999 - 2000	Diablo Valley Community College	C++ programming
1996 - 1999	Solano Community College	English and history

SKILLS
Clear communications – Clear documentation

***specialties**

Farm Arts

chickens* - fish* - pig
slaughter
composting
Tree work -planting/pruning
Fence installs custom metal/woodwork*
building with repurposed and reclaimed material*
woodwork*
stone wall construction
decomposed granite paths and pads (DG)
constructing ponds, aeration fountains
Concrete for farm and landscape needs.
Mig and stick welding
skidloader – excavator – forklift - trencher

All skills and tools related to plumbing potable and reclaimed water – irrigation
-pvc/abs – copper – polyvinyl- pex for home/Utility and garden. Automation*

AC/DC high and low voltage

math calculations
soil biology testing
work systems/ergonomics zone and flow design and crew management
electrical concepts power management
building construction and zoning laws
